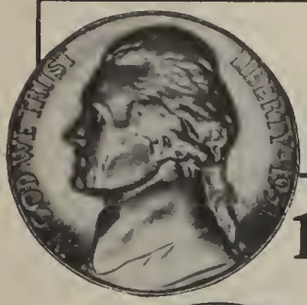
MORE CHOICE U.S. ---THE NEGGEN COLLECTION



The Neggen Collection contains some of the most outstanding buys available in the numismatic marketplace. Remember that all prices listed cannot and will not be repeated once our inventory has been sold out. We recommend you act quickly since we expect that many more orders will be received than inventory will permit us to fill.

1951-S CHOICE B.U. NICKEL ROLLS

The 1951-S nickel is from a mintage of just over 7 3/4 million pieces and the fifth lowest mintage in the series. Its retail price of $3.00 per coin does not express the actual rareness of the coin since it appears on many want lists and especially on teletype want lists. Our price is so low that we suggest a phone call to insure your receiving your order. Naturally orders will be filled on a first come, first served basis.

ORIGINAL GEM B.U. BUFFALO NICKELS
GREAT INVESTMENT POTENTIAL

These coins described in numismatic terms just don't relate their true beauty. Each coin has only seen the side of the coin next to it since they were struck over 30 years ago. These coins are so choice that you may want to feed the buffalo, let alone count the hairs on his hide. Seriously, they are among the best we have seen and we're sure you'll agree.

THE NEGGEN COLLECTION

WASHINGTON QUARTERS -- A Rare Opportunity

The Neggen Collection contains a few sets of choice Washington Quarters. We have examined all of the sets and find that with our strict grading we classify them into two different types of sets. All coins are Brilliant Uncirculated, but the 1932-P,D coins are offered within the sets in either A.U. or Choice BU condition. We recognize that most dealers will call the coins we list as A.U., as uncirculated, but we want our collector friends to have an opportunity of purchasing conservatively graded coins at fair prices.

Order No. 9-544 Washington Quarter Collection - 1932-1955 with Bookshelf Album. All coins Choice Brilliant Uncirculated - $1,600.00

Order No. 9-545 Washington Quarter Collection - 1932-1955 with Bookshelf Album. All coins Choice Brilliant Uncirculated with exception of 1932-P,D which are Almost Uncirculated - $1,300.00

Editors Note: This offering includes the rare 1932-S, 1936-D, and several other dates which are considered keys. We recommend this purchase for both investment and collecting purposes as we doubt that a complete purchase of the set as offered here will be considered possible in the near future.

THE COINS OF CHRIST

These bronze coins were struck in the Byzantine Period around the third century A.D. This hoard was found in Southern Europe. They portray Jesus Christ and are well-known in the Eastern World. We have obtained approximately 100 of these bronze coins mostly different types and offer these singly or five different types. Order promptly since our price is well under most asking prices known.

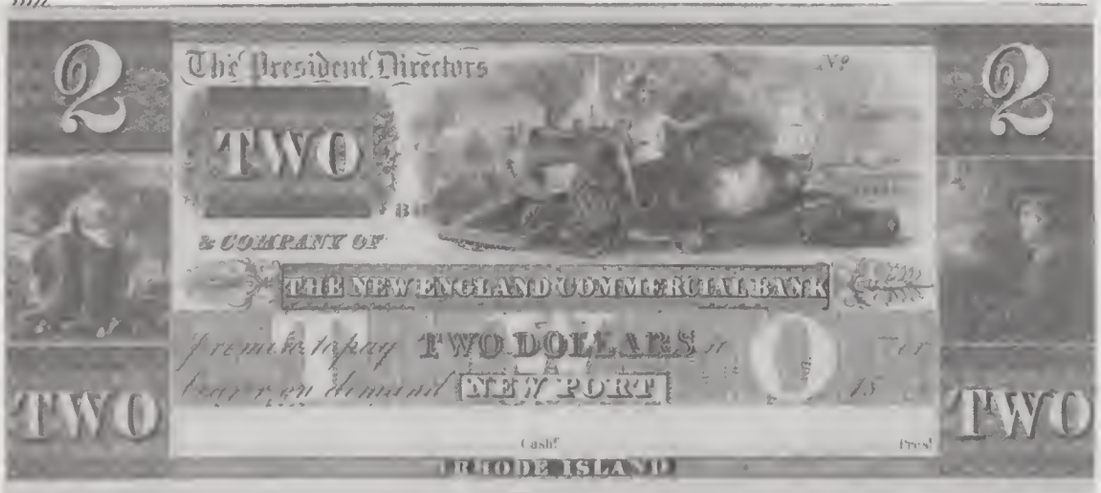
CRYSTAL EISENHOWER PLATE

Many readers have written regarding an item which was offered originally a couple of years ago. This was an Eisenhower crystal plate which portrays Ike as he appeared on a 1972 silver dollar. We have been contacted by the Eastern manufacturer and have purchased their entire inventory at a fantastic price. We believe that these impressive, well-executed, solid lead crystal plates are truly a great gift idea especially at the offered price which truly indicates we have passed our savings on to you. We have only 150 available and considering that they originally sold for $20.00 we don't expect them to last long at only $8.75 each. Order promptly. Add $1.00 for packing and shipment per each order.

Order No. 9-547 Eisenhower Crystal Plate
SPECIAL: $8.75 each plus $1.00 for packing per order

NEW ENGLAND $2.00 NOTES



These unusual broken bank notes are from a hoard we recently discovered. We obtained approximately 30 notes which we graded mostly in uncirculated condition. They normally catalog for $9.50 apiece, but our special MONEY TALKS price is only $7.50 each while they last. Rhode Island broken bank notes are seldom encountered and this is our first such offering of this type of note.

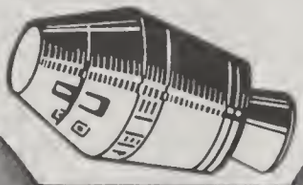
APOLLO-SOYUZ MEDALS



U.S.A.-U.S.S.R. APOLLO-SOYUZ
JULY 15, 1975
FIRST INTERNATIONAL MANNED SPACECRAFT RENDEZVOUS
SOVIET ROCKET AND SPACE CORPORATION ENERGIA

Following their tradition as the leader in issuing high quality art medals on America's space flights, Presidential Art Medals, Inc. of Vandalia, Ohio has announced their new commemorative art medal honoring the Soviet-American spacecraft link-up mission scheduled for July 15.

Officially named Apollo-Soyuz Test Project, this mission ranks as one of the world's greatest moments in space. The importance of this mission lies not only in the valuable experimental and scientific aspects, but also in easing of the somewhat strained relations between our two countries.

The design of the medal is unique in many ways. Using variations in the relief of the design has given the effect the spacecrafts are floating above the earth. Also the use of raised and intaglio lettering on the reverse of the medal gives a well-balanced effect. The Apollo-Soyuz medal measures 2½" in diameter.

Order No. 9-608 APOLLO-SOYUZ MEDALS - Bronze: $10.60 Silver: $76.50 Gold: $405.00
